

*Creating A Special World!*

August 18, 2021

Dear Friend,

On Saturday, August 14, 2021, at 8:30 a.m. EST, a devastating and powerful earthquake shook the south and southwest regions of Haiti with a magnitude of 7.2 on the Richter scale. As authorities continuously work to tally the loss of lives and property damage, initial assessment by the Civil Protection Director have registered over 1200 casualties and hundreds of critically injured individuals. These numbers are expected to grow significantly as search and rescue teams proceed on to the more affected areas.

Changing Lives of Children would like to convey its most sincere condolences to the families impacted by this disaster as well as its expression of support in their recovery process.

We are grateful for all the expressions of concerns and support from friends of Haiti and is looking forward to building on that solidarity to provide support to our brothers and sisters impacted by this earthquake.

On behalf of Changing Lives of Children – I'm reaching out to friends, colleagues, family members, co-workers, community leaders, and entrepreneurs across the United States to mobilize and join the relief efforts for the people of Haiti.
